“ *Well it's hard to explain the level of gratitude you have for a caring person who gave all. Sue was the reason my career started after continuing to show faith and fight to get me an opportunity after I squandered my first chance. A nonjudgmental loving angel of a person who will be missed. She graced the world with her presence and provided us with a true example of making the world a better place because of her presence. Rest In Peace MOM we love you !*

“ Mrs. Hillman was truly an amazing soul - full of God’s love. She was a dedicated Mother & nurturer above all, caring for dozens of children in the community and those in need. I thank God that I did have the opportunity to know this mighty woman and pickup some of her vast wisdom. Sue always extended her love unconditionally. Having spent many years as a close family friend. My heart goes out to the entire Hillman family, I pray they can find peace and understanding during these challenging times. Susan lives on!

“ Susan was one of the most kind and loving people I ever knew. She was always ready with a big hug and words of affection. She was so good to me when my marriage ended, offering a shoulder to cry on, a hand to hold, and words of support and encouragement. She would tell me how strong I was and how well I was doing and it helped me to believe in myself. I will miss her desperately. Directing the hymns in church without her on the organ will never be the same.

“ Prayers up for the family may God continue to give you all the strength during this heart felt time and know that God is still in the healing business as he has yet called another one of his angels home.
